

MB-3

MINERAL BOOSTER WITH TRIPLE ACTION FORMULA

MINERALS & ENZYMES

GALACTOGOGUES

PROBIOTICS

MB3 is a scientifically formulated mineral mixture with minerals, vitamins, enzymes, galactogogues and fortified with probiotics. MB3 is designed to enhance the overall health of cattle, improve gut microflora and significantly increase milk production.

ENHANCED MILK

BONE GROWTH

IMMUNITY

GUT HEALTH

REPRODUCTION

The 5 Pillars of Mb3

A Minerals

Support bone formation, fertility, immune strength, milk yield, enzyme/hormone activity, muscle and nerve function. Key minerals include Calcium, Phosphorus, Magnesium, Zinc, Selenium, Manganese, Copper, Iodine and more

B Vitamins

Vitamin A, D3, E, K, C and B-complex supports vision, immunity, reproduction, bone growth, antioxidant protection, energy, metabolism and stress support.

C Enzymes

Catalyze digestion and metabolism. Improve feed digestibility in high-fiber diets, increase milk yield and growth rates, reduce feed costs and support immune defense.

D Galactogogues

Natural herbs that stimulate prolactin secretion, support mammary tissue development, reduce oxidative stress and improve udder health for maximum lactation.

E Probiotics

Live beneficial microorganisms that boost gut health, nutrient absorption, immunity, lower disease incidence and support milk yield and quality.

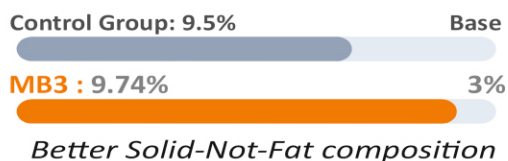

Clinically Demonstrated Results

"30-day comparative trials demonstrate significant improvements in milk yield, milk fat %, SNF % and total solids % compared to control groups."

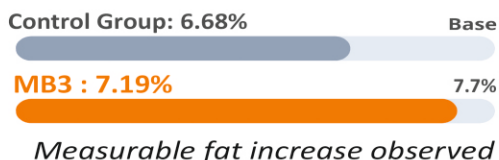

Milk Yield (Ltr/Day) ↑ INCREASED

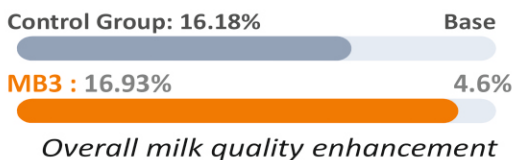

SNF % ↑ HIGHER

Milk Fat % ↑ IMPROVED

Total Solids % ↑ ELEVATED

Complete Composition

MACRO MINERALS	MICRO MINERALS	VITAMINS & ENZYMES	GALACTOGOGUES
Calcium : 25% Phosphorus : 12.5% Magnesium : 5%	Copper : 1% Zinc : 3% Manganese : 2% Iodine : 0.02% Cobalt : 0.01% Selenium : 0.01% Chromium : 0.01%	Vit A : 12,00,000 IU Vit D3 : 5,00,000 IU Vit E : 500 mg Nicotinamide : 2,000 mg	Leptadenia : 5% Asparagus : 5% Trigonella : 5% + Probiotics : 4 Strains (1B CFU/g)

INDICATIONS:

- ✓ For better health & growth
- ✓ For improved milk production
- ✓ For good reproductive performance

DOSAGE FEEDING SCHEDULE

Cows & Buffaloes:

For maintenance & growth : 30g daily orally.
 For improved production & good reproductive performance : 50g daily orally.

Calves / Sheep / Goat / Pig : 25-30g daily orally.

Horses : 50g daily orally
 (or) 1-2kg to be mixed with 100kg of feed.

PACKING
